

June 30, 2020

Dear Valued Patient:

As of August 1, 2020, Valentina Bradley M.D., P.A. will be closing its doors. It has been my great honor and pleasure to serve you as your trusted Dermatologist and Mohs Micrographic Surgeon for over fourteen years. Your loyalty and support have meant the world to me and have brought me much joy in my practice. My passion is for my patients.

I am relocating to Ocala, Florida, in order to be near family. Clearly, this is not COVID-19 related. However, COVID-19 has impacted the timing of my departure by cutting my transition time short. I am prevented from saying goodbye personally to so many of you. You have meant so much to me.

Your continuity of care is of paramount importance to me. Dr. Harold Rabinovitz will be assuming your care. He is known not only nationwide but worldwide as well. Dr. Rabinovitz is a graduate of Princeton University and completed his medical school training at the University of Miami School of Medicine. He completed his Dermatology Residency and Mohs Micrographic Surgery Fellowship at New York University. He is a world-renowned expert in the detection, evaluation, and treatment of all types of skin cancer, especially melanoma. Dr. Rabinovitz and his exceptional team include Nurse Practitioner Margaret Oliviero who has worked with Dr. Rabinovitz for 38 years and Dr. Audrey Beirne who is a talented Dermatologist and Mohs Micrographic Surgeon trained at the University of Miami School of Medicine.

Dr. Harold Rabinovitz's practice, Skin and Cancer Associates, is located at 201 NW 82nd Avenue Plantation, Florida, 33324, approximately a twenty minute drive from my former office. If you have an appointment scheduled with me after August 1, 2020, please call 954-473-6750 to schedule an appointment with Dr. Rabinovitz. All of your patient medical records will be available at Skin and Cancer Associates in Plantation, Florida, should you decide to transfer your care to a different Dermatologist. The American Academy of Dermatology website details many qualified Dermatologists in our area.

My patients have brought such happiness to my life both professionally and personally. Many of you have become friends. You have placed your confidence and trust in me for these past years. I thank you. I will miss you with all of my heart. Thank you for the honor that you have given me to be a part of your lives. You have left me with many fond memories. May God bless both your health and your future.

With my love and sincere affection,

A handwritten signature in black ink, appearing to read 'Valentina Bradley' with a stylized flourish extending to the right. The initials 'MO' are written in smaller letters below the signature.

Valentina Bradley, M.D.
